PURE NEEM POWDER

Neem Pure is a soil amendment which enriches the soil and works as a nematicide. It provides a better crop yield and helps to cure diseases and control the growth of nematodes and other soil borne pests. Neem Pure improves the organic content of the soil.

FEATURES :

- A) It protects the plant from nematodes and resists other soil borne pests.
- B) It has huge antifungal properties.
- C) Neem Pure contains high percentage of neem oil and thus increases the yield of crops.
- D) It is active in increasing the growth, leafage, results in rich blossoming, strengthening the roots and improving the general appearance of fruits and vegetables.
- E) It is eco-friendly and maintain the power of soil.
